

Brooks Development Authority
Hangar 9 Restoration

Bid # 12072015-003
Addendum: Landscape Irrigation Requirements

Sheets L2.0 and L2.1

Add Central control modules to relocated Hunter ACC irrigation controllers relocated with Hangar 9 Historic Restoration project.

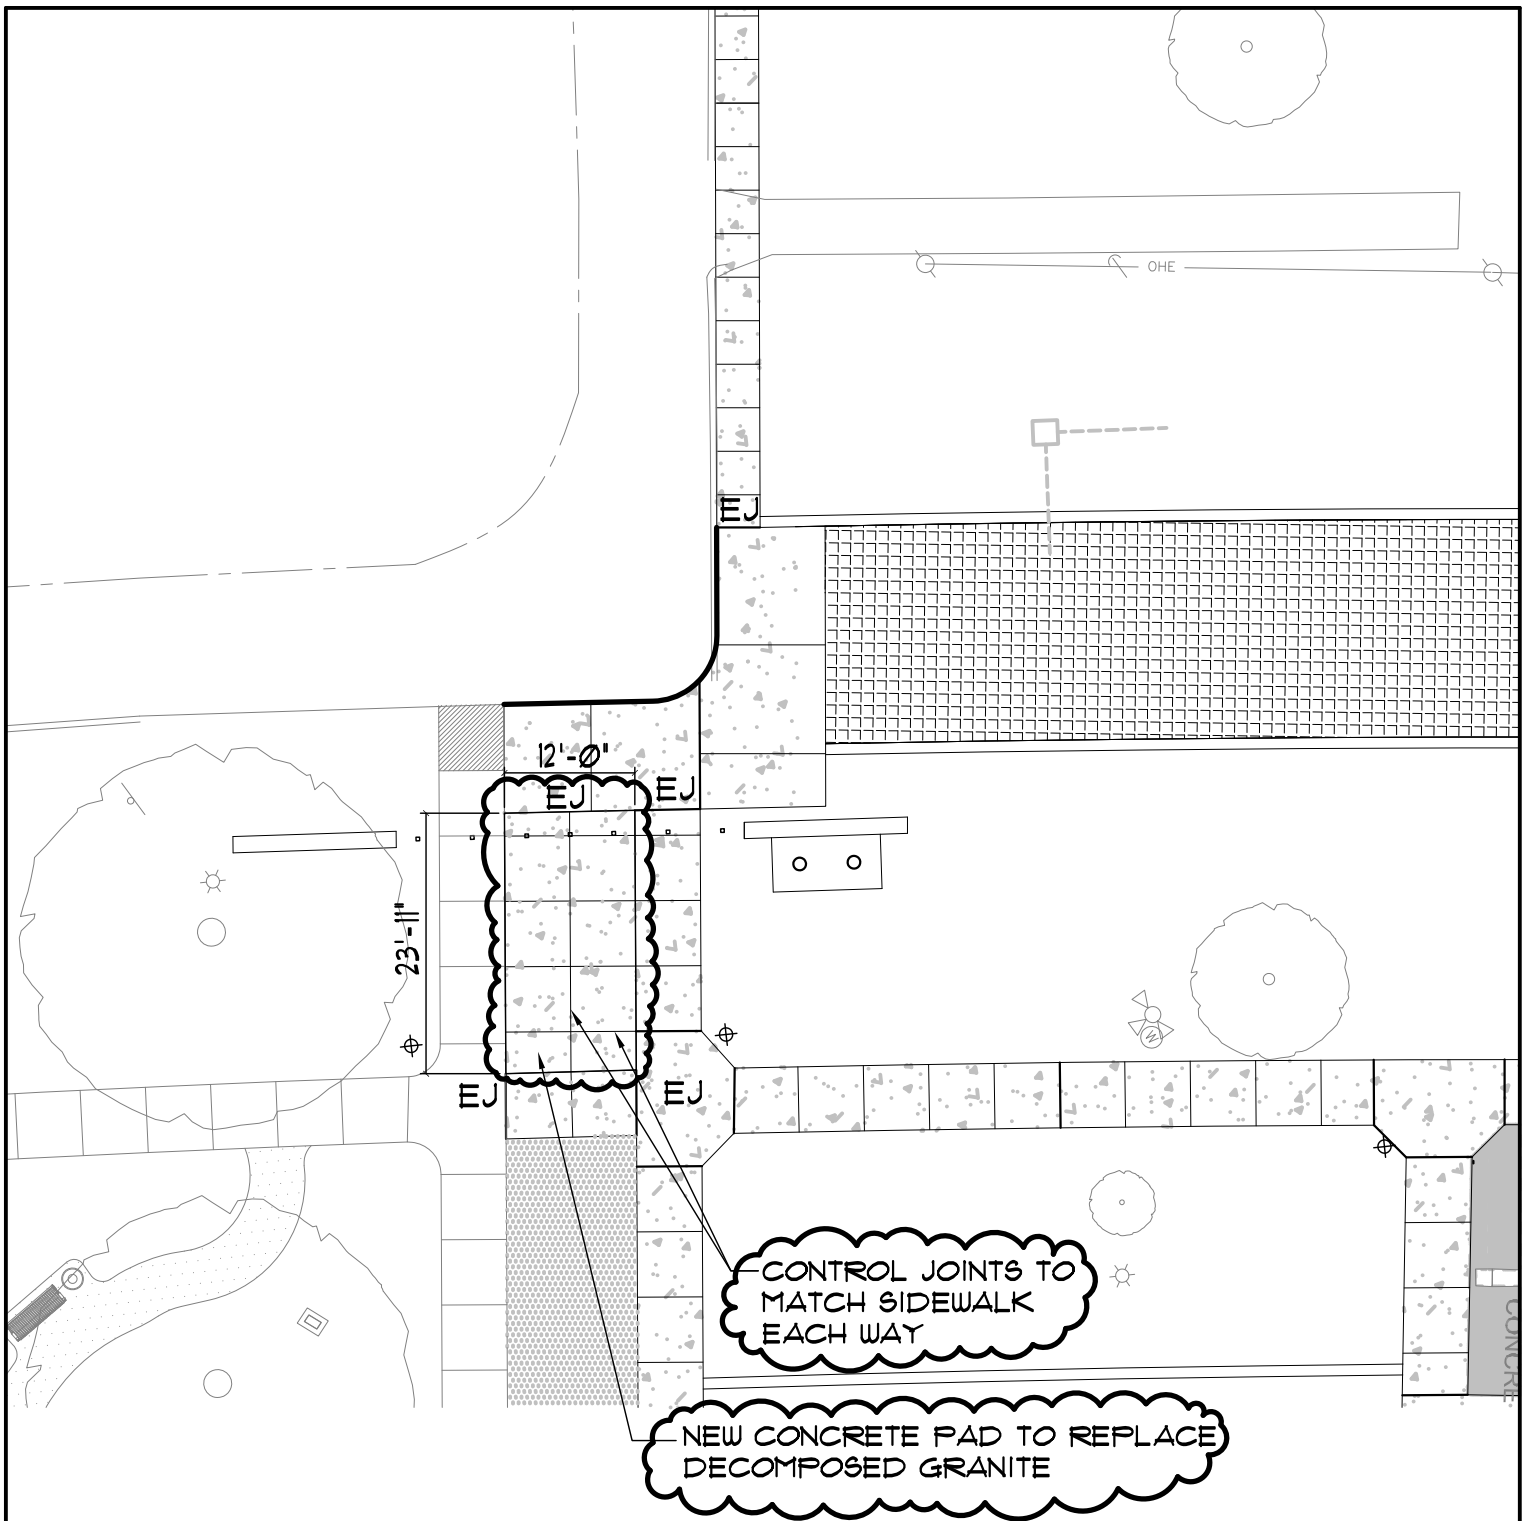

Install in relocated Brooks Gravesite controller Hunter ACC-COM-LAN module, and Hunter ACC/HWIM Hardware Interface Module.

Install in New Braunfels Road relocated controller Hunter ACC-COM-HWR module, and Hunter ACC/HWIM Hardware Interface Module.

Programming and connections will be made by client.

System shall be setup such that the relocated Brooks Gravesite controller functions as the primary control unit, and the New Braunfels Road relocated controller as a satellite unit (HWR module), hardwired into the Gravesite controller (LAN module).
